"CLINICAL VIDEO SCENARIOS"

Instructions for students:

1. Show the **BADGE WITH NUMBER** to the camera (fix for a few seconds).
2. During your answer, place the headphones **AROUND THE NECK**, and place the microphone **CLOSE TO THE MOUTH**.
3. Total timing up to **8 minutes for each clinical video scenario** (up to 3 minutes for listening to the task and up to 5 minutes for the answer)
4. An obstetric video script will be presented to your attention sequentially (when you have finished answering – signal to the camera about this **BY RAISING YOUR HAND**), and then a gynecological one after your answer to the previous task.
5. Each video scenario will be presented only **1 time**
6. Before starting the scenario, it is necessary to put on headphones and place the microphone in the correct position (**NEAR THE MOUTH**).
7. Questions, vital signs, laboratory and instrumental examinations will be presented after the video script!
8. Communication with the teacher is **FORBIDDEN!**
9. Answers outside the timing are **NOT** counted by the teacher!
10. After completing the scenario, wait for a sound signal or an announcement from the tutor on the spot.
